**NEVADA SUNRISE GOLD CORPORATION****NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

March 31, 2021

(Expressed in Canadian Dollars)

(Unaudited – Prepared by Management)

**1. CORPORATE INFORMATION**

Nevada Sunrise Gold Corporation (the “Company”) was incorporated under the laws of the Province of British Columbia, Canada on April 3, 2007. On May 15, 2007, the Company acquired all of the issued and outstanding shares of Intor Resources Corporation (“Intor”) by way of a reverse takeover. Intor was incorporated under the laws of the State of Nevada, USA on September 7, 2004.

The Company’s principal business activity is the acquisition, exploration and evaluation of its mineral property assets located in the State of Nevada, USA. The Company’s common shares are listed for trading on the TSX Venture Exchange (“TSX-V”) under the symbol “NEV”.

The Company’s office is Suite 408 - 1199 West Pender Street, Vancouver, British Columbia, V6E 2R1.

**COVID-19**

The recent outbreak of the coronavirus, also known as "COVID-19", has spread across the globe and is impacting worldwide economic activity. Conditions surrounding the coronavirus continue to rapidly evolve and government authorities have implemented emergency measures to mitigate the spread of the virus. The outbreak and the related mitigation measures may have an adverse impact on global economic conditions as well as on the Company’s business activities. The extent to which the coronavirus may impact the Company’s business activities will depend on future developments, such as the ultimate geographic spread of the disease, the duration of the outbreak, travel restrictions, business disruptions, and the effectiveness of actions taken in Canada and other countries to contain and treat the disease. These events are highly uncertain and as such, the Company cannot determine their financial impact at this time.

**2. BASIS OF PREPARATION*****Statement of Compliance***

These condensed interim consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) and Interpretations as issued by the International Financial Reporting Interpretations Committee (“IFRIC”).

These condensed interim consolidated financial statements do not include all of the information and disclosures required to be included in annual financial statements prepared in accordance with IFRS. These condensed interim consolidated financial statements should be read in conjunction with the Company’s audited annual consolidated financial statements for the years ended September 30, 2020 and 2019.

These condensed interim consolidated financial statements were authorized for issuance on May 28, 2021 by the directors of the Company.

***Going Concern***

These condensed interim consolidated financial statements are prepared using IFRS applicable to a going concern, which contemplates the Company will continue in operations for the foreseeable future and will be able to realize its assets and discharge its liabilities in the normal course of business. Future operations are dependent on the Company’s ability to raise additional equity financing and the attainment of profitable operations.

The Company has a history of operating losses and at March 31, 2021, has an accumulated deficit of \$25,233,450 and working capital deficit of \$356,682. The Company will require equity or loan financing and/or the sale of its assets in order to continue exploration of its exploration and evaluation assets and fund its administrative expenses. See Note 13.

**NEVADA SUNRISE GOLD CORPORATION****NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

March 31, 2021

(Expressed in Canadian Dollars)

(Unaudited – Prepared by Management)

**2. BASIS OF PREPARATION (cont'd...)**

These condensed interim consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern. These conditions may cast significant doubt about the Company's ability to continue as a going concern.

***Principles of Consolidation***

These condensed interim consolidated financial statements incorporate the accounts of the Company and the following subsidiary:

Name of subsidiary	Country of incorporation	Percentage ownership	Principal activity
Intor Resources Corporation	USA	100%	Exploration of mineral properties

The Company consolidates the subsidiary on the basis that it controls the subsidiary through its ability to govern its financial and operating policies. All intercompany balances and transactions have been eliminated on consolidation.

***Basis of Measurement***

These condensed interim consolidated financial statements have been prepared on a historical cost basis, except for financial instruments classified as and measured at their fair value. In addition, these condensed interim consolidated financial statements have been prepared using the accrual basis of accounting except for cash flow information. All dollar amounts are expressed in Canadian dollars unless otherwise specified.

***Critical Accounting Judgments, Estimates and Assumptions***

The preparation of the Company's condensed interim financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities and contingent liabilities at the date of the condensed interim financial statements and reported amounts of income and expenses during the reporting period. Estimates and assumptions are continuously evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. However, actual outcomes can differ from these estimates.

In preparing these condensed interim financial statements, the significant estimates and critical judgements were the same as those stated in Note 2 to the audited financial statements as at and for the year ended September 30, 2020.

**3. SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies followed by the Company are set out in Note 3 to the audited financial statements for the year ended September 30, 2020 and have been consistently followed in the preparation of these condensed interim consolidated financial statements.

**Accounting standards issued but not yet effective**

The Company has reviewed new and revised accounting pronouncements that have been issued but are not yet effective. The Company has not early adopted any new standards and determined that there are no standards that are relevant to the Company.

**NEVADA SUNRISE GOLD CORPORATION****NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

March 31, 2021

(Expressed in Canadian Dollars)

(Unaudited – Prepared by Management)

**4. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT**

Financial instruments measured at fair value are classified into one of three levels in the fair value hierarchy according to the relative reliability of the inputs used to estimate the fair values. The three levels of the fair value hierarchy are:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2 – Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly; and

Level 3 – Inputs that are not based on observable market data.

The fair values of the Company's receivables, accounts payable and accrued liabilities, and due to related parties approximate their carrying values because of the short-term nature of these instruments. The fair values of reclamation bonds and right of way also approximate their carrying values.

The following table illustrates the classification of the Company's financial instruments within the fair value hierarchy as at March 31, 2021 and September 30, 2020:

	Level 1	Level 2	Level 3
March 31, 2021:			
Cash	\$ 156,825	\$ -	\$ -
Marketable securities	\$ 95,202	\$ -	\$ -
September 30, 2020:			
Cash	\$ 1,175,334	\$ -	\$ -
Marketable securities	\$ 5,301	\$ -	\$ -

The Company's risk exposures and the impact on the Company's financial instruments are summarized below:

*Credit risk*

The Company's cash is held with large financial institutions. The Company's receivables consist of goods and services tax receivable from the Government of Canada and exploration expenses incurred on behalf of third parties.

Management believes that credit risk concentration with respect to receivables is nominal. The composition of receivables as at March 31, 2021 and September 30, 2020 is as follows:

	March 31, 2021	September 30, 2020
Goods and services tax receivable	\$ 6,722	\$ 4,245
Due from Global Energy Metals Corp.	5,211	5,824
	<u>\$ 11,933</u>	<u>\$ 10,069</u>

*Liquidity risk*

The Company's approach to managing liquidity risk is to ensure that it will have sufficient liquidity to meet liabilities when due. As at March 31, 2021, the Company had cash of \$156,825 to settle current liabilities of \$663,582. Management intends to obtain additional equity or loan financing and/or dispose of its marketable securities or other assets in order to meet its current liabilities as they become due. See going concern discussion in Note 2 and subsequent event in Note 13.

*Market risk*

Market risk is the risk of loss that may arise from changes in market factors such as interest rates, foreign exchange rates, and commodity and equity prices.

---

**NEVADA SUNRISE GOLD CORPORATION****NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

March 31, 2021

(Expressed in Canadian Dollars)

(Unaudited – Prepared by Management)

**4. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (cont'd...)***a) Interest rate risk*

The Company has cash balances which are not subject to significant risks in fluctuating interest rates. The Company's policy is to invest excess cash in investment-grade short-term deposit certificates issued by its banking institutions. The Company monitors the investments it makes and is satisfied with the credit ratings of its banks. An increase to interest rates by 1% would have an insignificant effect on the Company's operations.

*b) Foreign currency risk*

The Company is exposed to foreign currency risk on fluctuations related to cash and accounts payable and accrued liabilities that are denominated in US dollars.

*c) Price risk*

The Company is exposed to price risk with respect to commodity and equity prices. Equity price risk is defined as the potential adverse impact on the Company's earnings, or ability to obtain equity financing, due to movements in individual equity prices or general movements in the level of the stock market. The Company's marketable securities are subject to price risk. Commodity price risk is defined as the potential adverse impact on earnings and economic value due to commodity price movements and volatilities. The Company closely monitors commodity prices of gold, lithium, individual equity movements, and the stock market to determine the appropriate course of action to be taken by the Company.

*Sensitivity Analysis*

The Company through its subsidiary operates in the United States and is exposed to exchange risk from changes in the US dollar. At March 31, 2021, a 10% fluctuation in the US dollar against the Canadian dollar would affect comprehensive loss by approximately \$64,000.

At March 31, 2021, a 10% fluctuation in the fair value of the Company's marketable securities would affect comprehensive loss by approximately \$9,520.

**5. MARKETABLE SECURITIES**

---

---

	March 31, 2021	September 30, 2020
Common shares of public companies:		
Fair value, opening	\$ 5,301	\$ 99,537
Acquisitions (Note 7(i))	142,500	11,250
Proceeds on sale	(65,435)	(66,505)
Gain on marketable securities	12,836	(38,981)
	<u>\$ 95,202</u>	<u>\$ 5,301</u>

---

The Company has determined that it does not hold significant influence in any of its investments. The fair value is determined at each reporting date by reference to the closing price of these common shares which are publicly traded. During the six months ended March 31, 2021, the Company sold marketable securities for \$65,435 and realized a gain of \$12,776 from the sale.

**6. SEGMENTED INFORMATION**

The Company operates in one reportable operating segment, being the exploration and evaluation of mineral properties in Nevada, USA. All of the Company's non-current assets are located in the United States.

(Expressed in Canadian Dollars)

**7. EXPLORATION AND EVALUATION ASSETS**

Title to exploration and evaluation asset interests involves certain inherent risks due to the difficulties of determining the validity of certain claims as well as the potential for problems arising from the frequently ambiguous historical title conveyance characteristic of many mineral claims. The Company has investigated title to all of its exploration and evaluation asset interests and, to the best of its knowledge, title to all of its interests are in good standing. The exploration and evaluation assets the Company has committed to earn interests in are located in the State of Nevada, USA.

**NEVADA SUNRISE GOLD CORPORATION****NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

March 31, 2020

(Expressed in Canadian Dollars)

(Unaudited – Prepared by Management)

**7. EXPLORATION AND EVALUATION ASSETS (cont'd...)****(a) Kinsley Mountain**

The Company has a 20.01% (2019 – 20.94%) interest in Kinsley Gold LLC, which holds a mining lease agreement relating to the Kinsley Mountain property. The mining lease agreement has a 3% net smelter royalty on production. The mining lease agreement runs through June 2020, however, Kinsley Gold LLC has the right to terminate the lease upon thirty days written notice or to extend the lease beyond 2020 provided it continues to make the required advance minimum royalty payments (the “Royalty Payments”) (see below). Per the terms of the mining lease agreement, Kinsley Gold LLC has an obligation to expend a minimum per calendar year of US\$500,000 (the “Minimum Expenditures” (which includes the Royalty Payments)) (2020 – obligation met) in exploration, development and mining activities on the Kinsley Mountain property.

The Royalty Payments included within the “Minimum Expenditures” are as follows for the years ending September 30:

- 2019: \$170,000 (*obligation met*)
- 2020 and thereafter: \$220,000

In early 2020, the Company elected to have its interest in the Kinsley Gold LLC joint venture be diluted pursuant to the terms of the Kinsley Mountain joint venture agreement. The Company did not pay the 2019 cash call amount and consequently, its interest in the Kinsley Gold LLC joint venture was reduced from 20.94% to 20.01%.

The Company elected to participate in the 2020 exploration program. As at March 31, 2021, the Company paid a total of US\$745,856 (CA\$956,545) as part of the Company’s proportionate share of the 2020 cash call.

**(b) Jackson Wash**

On December 17, 2015, the Company entered into an option agreement to purchase a 100% interest in the Jackson Wash lithium property located in the Jackson Valley, Esmeralda County, Nevada.

For the option to purchase a 100% interest in the property, the Company agreed to issue 500,000 common shares of the Company to the optionor over 3 years (issued).

The Jackson Wash property is subject to a 3% GOR.

**(c) Gemini**

The Company owns a 100% interest in a group of mineral claims known as the Gemini lithium property (“Gemini”). These claims were acquired by way of staking. Gemini is located in the Lida Valley, Esmeralda County, Nevada.

On September 21, 2016, the Company entered into a Definitive Joint Venture Agreement with Kore Mining Ltd. (formerly Eureka Resources Inc.) (“Kore”) to sell a 50% participating interest in the Gemini project. Kore was related by virtue of common directors.

Kore earned a 50% participating interest in Gemini by reimbursing the Company for 50% of the Gemini acquisition and evaluation costs. In addition, Kore issued the Company 50,000 common shares with a fair value of \$39,500.

On August 15, 2019, Kore sold its 50% interest in the Gemini property back to the Company in exchange for the cancellation of \$21,751 owed by Kore to the Company for property maintenance fees and exploration expenses incurred on Gemini.

**7. EXPLORATION AND EVALUATION ASSETS (cont'd...)*****(d) Water Right****Option of Clayton Valley Water Right:*

On March 16, 2016, the Company signed a definitive water right purchase agreement for the option to purchase a 100% interest in water right Permit 44411 in the Clayton Valley, Nevada. In consideration for the option to purchase the water right, the Company agreed to pay the vendors a combination of cash, common shares, and share purchase warrants as follows:

Date of Payment	Cash	Common Shares	Share Purchase Warrants
March 30, 2016	US\$125,000 (paid)	200,000 (issued with a fair value of \$36,000)	2,250,000 (issued) <sup>(1)</sup>

Total	US\$1,300,000	2,000,000	2,250,000

On November 29, 2016, the Nevada Division of Water Resources (“NDWR”) issued a ruling of forfeiture against the Company’s water right, citing lack of beneficial use for a period of five years. The Company filed an appeal.

In August 2019, the NDWR issued an order formally dismissing the forfeiture proceedings against the water right. The dismissal followed a negotiated settlement agreement with Albemarle Corp. (“Albemarle”) wherein Albemarle withdrew its motion to forfeit the water right in exchange for the Company’s agreement not to drill any wells within certain areas of the Clayton Valley that might impact Albemarle’s lithium brine mining operations in the Clayton Valley.

- (1) On October 31, 2018, the Company signed a letter of intent to further amend the water right purchase agreement. The letter of intent amended the terms for the payment of the remaining cash payments due on the purchase price. Therefore, the Company was not required to make the US\$200,000 payment due on December 21, 2018.

Under the terms of the letter of intent the Company was required to pay US\$20,000 on signing (paid). In addition, the Company is required to pay US\$5,000 per month thereafter (paid up to February 2020). All the amounts are to be applied to the remaining purchase price. This arrangement was until August 2020 at which time the amounts due under the original agreement became payable. The Company is currently in negotiations with the vendor of the water right regarding additional amendments to the option agreement. As at the date of the issuance of these condensed interim consolidated financial statements, no notice of default has been served to the Company. Subsequent to March 31, 2020, the Company entered into a binding LOI to sell its Clayton Valley water right. See Note 13.

*Consent Agreement:*

On August 31, 2016, the Company signed a consent agreement with Advantage Lithium Corp. (“Advantage”) and the vendors of the water right, Dedicated Mining Technology Inc. (“Dedicated Mining”), whereby the Dedicated Mining consented to assign the terms of the original water right option agreement to Advantage for cash payment of \$31,250 and the transfer of 258,932 Advantage shares with a fair value of \$142,413.

**7. EXPLORATION AND EVALUATION ASSETS (cont'd...)****(d) Water Right (cont'd...)***Due to Dedicated Mining Technology Inc.*

At September 30, 2018, marketable securities included the 258,932 common shares of Advantage valued at \$181,252 that were originally transferred to the vendor of the water right, Dedicated Mining, as a part of the above consent agreement. These Advantage shares were agreed to be returned to the Company when the water right was forfeited and were to be held by the Company in escrow, pending a ruling with respect to the forfeiture. A corresponding liability of \$181,252 was set up to Dedicated Mining.

On October 31, 2018, Dedicated Mining agreed to release the 258,932 Advantage shares from escrow to be sold to fund ongoing legal costs related to the defence of the water right. To date, the Company has received 194,199 shares and has sold 194,000 shares for proceeds of \$113,363 which were paid to the Company's legal counsel. As at December 31, 2020, the Company has not received the remaining 64,733 Advantage shares, which shares were exchanged for 9,192 shares of Orocobre Limited from Dedicated Mining.

**(e) Lovelock/Treasure Box**

On December 22, 2017, the Company signed a definitive agreement to acquire a 100% interest in the Lovelock cobalt property located in Churchill County, Nevada. On December 22, 2018, the Company paid the vendor US\$5,000 to extend the first payment date from December 22, 2018 to March 22, 2019. The US\$5,000 was repaid to the Company by way of Global Energy Metals Corp. ("GEMC") shares.

To earn the 100% interest, the Company is required to pay cash payments and common share payments over three years from the date of signing of the definitive agreement, subject to a 2% net smelter returns royalty ("NSR") as follows:

- US\$15,000 (paid) and 200,000 common shares (issued at a fair value of \$31,000);
- March 22, 2019: US\$20,000 (paid by GEMC) and 200,000 common shares (issued at a fair value of \$19,000 and repaid to the Company by way of GEMC shares);
- December 22, 2019: US\$25,000 (paid by GEMC) and 250,000 common shares (Note 9) (issued at a fair value of \$11,250 and repaid to the Company by way of GEMC shares);
- December 22, 2020: US\$30,000 (paid by GEMC) and 300,000 common shares (issued by GEMC with GEMC shares as per the April 3, 2020 Amended Agreement below).

The Company has the right to accelerate the cash payments to the vendor at its discretion. On or before the 10th anniversary of the execution of the agreement, the Company shall have the right to purchase 50% of the NSR for US\$1,500,000 (subsequently revised per the April 3, 2020 Amended Agreement below such that GEMC can purchase 50% of the NSR rather than the Company).

The Company has the right to purchase a 100% interest in the Treasure Box copper property under its area of interest agreement with the vendor of the Lovelock cobalt property.

On January 15, 2019, the Company signed a mining option agreement with GEMC for GEMC to acquire an 85% interest in the Lovelock cobalt property and the Treasure Box copper property. The agreement allows for GEMC to acquire the interest subject to the Company first acquiring the interest pursuant to the underlying agreement with the vendor.

**7. EXPLORATION AND EVALUATION ASSETS (cont'd...)****(e) Lovelock/Treasure Box (cont'd...)**

In order to exercise the option, GEMC is required to complete the following:

- Issue to the Company of such number of common shares in the capital of GEMC as is equal to US\$200,000 at a deemed price per share equal to the greater of: (a) \$0.15; and (b) the volume weighted average of the closing price of GEMC's shares for the 20 trading days immediately prior to the execution of the agreement. GEMC issued the Company 1,728,133 common shares with a fair value of \$86,407 on February 5, 2019.
- Assume all future cash payments to the vendor payable as scheduled above.
- Reimburse the Company for the issue by the Company of its common shares to the vendor with common shares of GEMC, payable as scheduled below:
  - March 22, 2019: such number of GEMC shares as is equal in value to 200,000 shares of the Company on the day prior to their issuance (issued);
  - March 22, 2019: such number of GEMC shares as is equal in value to US\$5,000 to reimburse the Company for the extension payment made by the Company to the vendor on December 22, 2018 (issued).
  - December 22, 2019: such number of GEMC shares as is equal in value to 250,000 shares of the Company on the day prior to their issuance (issued); and
  - December 22, 2020: such number of GEMC shares as is equal in value to 300,000 shares of the Company on the day prior to their issuance (issued by GEMC with GEMC shares).
- GEMC must also incur exploration expenditures totaling US\$1,000,000 by the third anniversary of the agreement.

On April 3, 2020, the Company, GEMC and the vendor of the Lovelock and Treasure Box properties entered into an agreement to amend the terms of the GEMC option agreement on the properties and the underlying definitive agreement on the Lovelock property (the "Amended Agreement").

The Amended Agreement provides that GEMC will purchase an 85% interest in the Lovelock and Treasure Box properties, with the Company retaining a 15% interest, subject to a 2% NSR in favour of the vendor as provided for in the underlying definitive agreement between the vendor and the Company. GEMC will make the cash and common share payments payable on or before December 22, 2020 upon closing to the vendor instead of the Company (paid and issued). A joint venture between GEMC and the Company will be formed to further explore and develop the Lovelock and Treasure Box properties. Upon closing of the Amended Agreement, GEMC will issue 750,000 GEMC shares to the Company.

The Amended Agreement closed on October 6, 2020, and the Company received 750,000 GEMC shares valued at \$142,500 (Note 5).

On or before September 25, 2022	US\$1,250,000	600,000	US\$500,000
Total	US\$1,405,000	2,000,000	US\$1,100,000

(1) On September 25, 2019, the Company paid the vendors US\$5,000 to extend the due date of the US\$35,000 option payment to December 25, 2019.

(2) On December 14, 2019, the Company paid the vendors US\$5,000 to extend the due date of the US\$35,000 option payment to February 24, 2020.

The Company has the right to accelerate the timing of cash and share payments to the vendor at its discretion. If minimum exploration expenditures, which include property maintenance costs, are exceeded in any year the excess expenditures will be credited to a succeeding year. For the purposes of an anniversary common shares payment, the value of such payment by the Company to the vendors shall be calculated at a minimum price of \$0.15 per common share, and if the closing price of the Company's common shares on the TSX-V on the business day prior to any anniversary date when a common shares payment is due and payable is less than \$0.15, the monetary difference between \$0.15 and the closing share price of the Company shall be paid to the vendors in cash. On the 4th Anniversary payment due date, if the spot cash price of copper as quoted on the London Metal Exchange exceeds \$4.00 per pound, the payment due of US\$1,250,000 will be increased to US\$1,500,000.

The vendor shall retain a 2% net smelter returns royalty, half of which can be purchased by the Company at any time for US\$1,500,000, less any advance royalty payments made by the Company. An advance royalty payment of US\$500,000 would be payable to the vendors upon completion of a feasibility study.

**8. RECLAMATION BONDS AND RIGHT OF WAY**

At March 31, 2021 and September 30, 2020, the Company has posted reclamation bonds on its mineral properties with the Nevada Bureau of Land Management as a guarantee of exploration site restoration. In addition, the Company has prepaid a right of way for the Golden Arrow property.

*Golden Arrow Reclamation Bond and Right of Way*

The Company sold the Golden Arrow property to Emgold Mining Corporation (“Emgold”) in 2018, but had posted a reclamation bond of US\$2,148 on the property. The Company received the refund of the Golden Arrow bond subsequent to March 31, 2021.

The Company was granted a 10 year right of way to access the Golden Arrow property. The Company paid US\$4,262 to prepay the right of way for the entire 10-year term which began July 2016 and carries through to June 2025. The Company amortized the right of way on a straight-line basis over its ten-year term, expensed as exploration and evaluation costs. The Company expects to be reimbursed by Emgold for the remaining term of the right of way.

**12. CAPITAL MANAGEMENT**

The Company manages its capital structure and makes adjustments to it, based on the funds available to the Company, in order to support the acquisition, exploration and development of exploration and evaluation assets. The Board of Directors does not establish quantitative return on capital criteria for management, but rather relies on the expertise of the Company's management to sustain future development of the business. In the management of capital, the Company includes components of equity as capital.

The properties in which the Company currently has an interest are in the exploration stage; as such the Company is dependent upon external financings or the sale of assets to fund activities. In order to carry out planned exploration and pay for administrative costs, the Company will spend its existing working capital, intends to continue to receive cash and shares pursuant to option agreements (Note 7), sell assets (Note 13), and raise additional funds as needed. The Company will continue to assess new properties and seek to acquire an interest in additional properties if it feels there is sufficient geologic or economic potential and if it has adequate financial resources to do so.

Management reviews its capital management approach on an ongoing basis and believes that this approach, given the relative size of the Company, is reasonable. There were no changes in the Company's approach to capital management during the three months ended March 31, 2021. The Company is not currently subject to externally imposed capital requirements.

**13. SUBSEQUENT EVENT**

Subsequent to March 31, 2021, the Company entered into a binding letter of intent ("LOI") with Cypress Development Corp. ("Cypress") for the sale of its water rights in Clayton Valley, Nevada. Under the LOI, Cypress is obligated to pay the Company a total consideration of US\$3,000,000 as follows:

- US\$25,000 deposit payable upon execution (received);
- US\$125,000 payment upon completion of a 45 day due diligence period and the execution between the parties of a definitive purchase agreement;
- US\$2,000,000 in cash upon closing; and
- US\$850,000 in common shares of Cypress upon closing.

Net proceeds received by the Company from the sale upon closing will be used to retire legal liabilities totalling approximately US\$500,000 incurred during the water rights litigation from 2016 to 2019, payment of the balance owing to the underlying vendor of the water rights of approximately US\$800,000, and for general working capital purposes.
